**WOMEN'S ENTREPRENEURSHIP DAY
NOV' 2020** 

"Do what you love and love what you do" is one quote that I strongly believe in. This is the era where women have freed themselves from oppression and have levelled up to being successful in all the fields possible. So it is safe to say that women are doing what they love. Breaking all the odds, patriarchy and stereotypes women have walked a tough path to get here. Women entrepreneurs have proved that women possess "street smartness" not just in managing homes but also in managing a business. From hiding money in the kitchen to making billions in business, it has been a long and a beautiful journey. Of 58.8 million entrepreneurs in India, 14% are women entrepreneurs which is indeed a great achievement but we still have miles to go and heights to reach.

Wishing you all a very happy "Women's Entrepreneurship Day".
