AQAR 2023 - 2024

Criterion 7 – Best Practices

7.2.1 - - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Best Practices

Best Practice I

Title: Enhancing Learning Accessibility Through Online Courses

Objectives:

1. Provide flexible, self-paced learning opportunities.
2. Facilitate skill development with high-quality, industry-relevant content.
3. Bridge the gap between academic learning and practical applications.

The Context:

- The institution launched online courses to address the demand for accessible, flexible education for students and professionals.
- Courses cover fields like AI, digital marketing, and entrepreneurship, offering foundational and advanced learning.
- Advanced Learning Management Systems (LMS) ensure engaging delivery through multimedia, gamification, and real-world projects.
- Partnerships with Coursera, Salesforce, ICT Learnathon, IIT Bombay, and MSME ensure course relevance, certifications, and placement opportunities.

The Practice:

- **Content Creation:** Courses are developed by collaborating with subject matter experts, faculty, and industry professionals.
- **Flexible Learning:** Options include self-paced and instructor-led formats to suit diverse learner needs.
- **Assessment and Certification:** Regular assessments ensure outcomes, with certificates endorsed by the government of India.
- **Skill Development:** Courses in fields like AI, data science, and entrepreneurship address industry demands.

Resources Required:

- **Infrastructure:** High-speed internet, LMS platforms, and hardware/software tools.
- **Funding:** For platform development, content creation, and maintenance.
- **Partnerships:** With universities and industry leaders to ensure relevance and quality.

Problems Encountered:

- **Learner Engagement:** Keeping learners engaged in self-paced formats was challenging due to reduced interaction and digital divides.
- **Quality Assurance:** Ensuring consistent quality across courses required rigorous monitoring and feedback.

By overcoming these challenges, the institution has successfully created accessible education models that prepare learners for a competitive global workforce.

Evidence of Success

KGiSL Educational Institutions Coursera Usage Report

Total enrollments	243249

IIT Bombay Spoken Tutorial

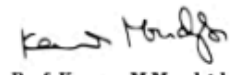

Certificate for the Completion of GeoGebra 5.04 Training

This is to certify that **SARANYA RATHINASAMY** has successfully completed **GeoGebra 5.04** test organized at **KG College of Arts and Science** by **GOKILAVANI A** with course material provided by the Spoken Tutorial Project, IIT Bombay. Passing an online exam, conducted remotely from IIT Bombay, is a pre-requisite for completing this training.

GEETHARAMANI R from **KG College of Arts and Science** invigilated this examination. This training is offered by the Spoken Tutorial Project, IIT Bombay.

Credits: 1 Score: 60.00%

November 25th 2023

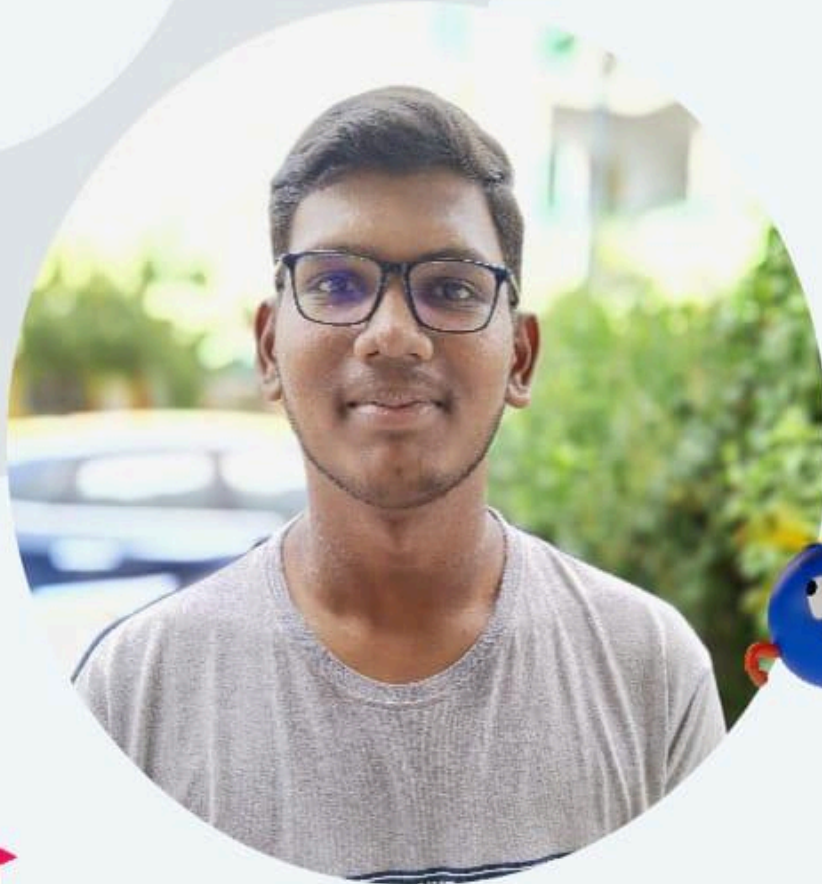

Prof. Kannan M Moudgalya
IIT Bombay

Credits for the Spoken Tutorial courses are based on our estimates of the work required to complete them. Recipient institutions are required to apply due diligence and get them ratified/modified by their own duly formed academic/assessment body. Spoken Tutorial is a project at IIT Bombay, started with funding from the National Mission on Education through ICT, Ministry of Education (previously MHRD), Govt. of India.

Best Practice 2

Title: Fostering Student Engagement Through Associations and Clubs

Objectives:

- Encourage holistic development by providing extracurricular engagement opportunities.
- Foster leadership, teamwork, and creative skills among students.
- Create a vibrant campus culture that supports diverse interests.

The Context:

The institution supports a variety of student associations and clubs that cater to different interests such as arts, sports, entrepreneurship, and technology. These clubs organize regular activities, including workshops, cultural events, and competitions, promoting student involvement and skill development. Partnerships with industry experts and professionals help enhance the relevance and impact of these activities.

The Practice:

- **Club Activities:** Student-led clubs regularly organize cultural festivals, hackathons, and career development workshops.
- **Leadership & Teamwork:** Clubs provide platforms for students to take leadership roles, manage projects, and collaborate with peers.
- **Skill Development:** Activities in areas like entrepreneurship, public speaking, and build essential soft skills.
- **Events & Competitions:** Competitions and seminars with industry leaders provide real-world exposure and networking opportunities.

Resources Required:

- **Infrastructure:** Event spaces, sports facilities, and digital tools for virtual events.
- **Funding:** Financial support for organizing events, workshops, and competitions.
- **Partnerships:** Collaborations with industry professionals, alumni, and corporate sponsors.

Problems Encountered:

- **Engagement:** Balancing academics and extracurricular activities, especially for remote or part-time students, can be challenging.
- **Sustaining Interest:** Ensuring continuous participation and leadership within clubs requires sustained motivation and support.

 Affiliated to Bharathiar University
 ISO 9001-2015 Certified Institution
 KGISL Campus, Saravanampatti, Coimbatore – 641 035

Name of the Department	M.Sc. Software Systems and Computer Science (PG)
Name of the Association	MindBenders
Activity	Alumni guest lecture
Date of the activity	25-08-2023
Title of the activity	Introduction to Data Science and Machine Learning
Objective	To promote knowledge and experience sharing between alumni and students through alumni guest lectures. So the current active students will have confidence about their future career. This session is covering all the key aspects of data science and machine learning.
Resource Person	Mr.Karthik Raja PLM Consultant Bosch Global Software Technologies Coimbatore.
Total no. of beneficiaries	75
Outcome / Report	There were 75 participants actively participated. The speaker gave a detailed explanation about data science and machine learning. Data Science and Machine Learning are two closely related fields that have gained immense popularity and importance in recent years. The speaker explained about supervised, unsupervised, reinforcement learning, and various Data Science libraries such as NumPy, Pandas and Machine learning libraries such as Scikit learn, Keras, PyTorch, TensorFlow. The Alumni Speaker gave many realtime examples such as Fraud Detection, Recommendation Collection, Online Advertising, Language Translation, and Social Media Sentiment Analysis. It was really useful to many of the students where many came up with several queries. Thereby sharing certain information, the session moved interestingly in an enthusiastic way.

Name of the Department	M.Sc. Software Systems and Computer Science (PG)
Name of the Association	MindBenders
Activity	Workshop
Date of the activity	18-08-2023
Title of the activity	Data Visualization using Tableau
Objective	This workshop session is covering all the key aspects of Data visualization using Tableau. The objective of this workshop is to help the students to understand things clearly and have a better insight into the Data visualization.
Resource Person	Ms.Kanimozhi V A Assistant Professor Dept of Computer Technology PSG College of Arts and Science Coimbatore
Total no. of beneficiaries	72
Outcome / Report	There were 72 students actively participated in this workshop. The speaker explained well about the fundamentals of data, information, knowledge, what is data visualization, importance and types of data visualization. Tableau is one of the fastest-growing data visualization tools which is presently being used a lot in the BI industry. This software provides the most efficient way to change or transform the raw data into an easily understandable format. The participants well understood the concepts and obtained many insights about Tableau.
